

# Civil Aviation and Airport Development

**Start Date: 8/21/2018 10:00 AM**

**End Date: 8/21/2018 11:15 AM**

## Civil Aviation and Airport Development Opportunities for U.S Companies in India

webinar.

Explore opportunities to expand your sales into India during this U.S. Commercial Service

India's Airports Authority of India and expert speakers will share their industry insights.

### Why India?

India's overall aviation market is estimated to be over \$16 billion.

Domestic aviation passenger traffic is growing at over 20% per year.

Airport projects are a top opportunity, with new major airports planned.

India's Regional Connectivity plan is budgeted and aims to revitalize 160 airports

and airstrips

India's Ministry of Civil Aviation encourages U.S. companies to engage on Indian

opportunities.
