

FREE Webinar: CHINAPLAS 2019

Start Date: 1/16/2019 8:00 PM

End Date: 1/16/2019 9:00 PM

WEBINAR: Opportunities for Exporting U.S. Manufacturing Equipment to China:
Get an introduction to export opportunities in China - the third largest U.S. export market for plastics and rubber-working equipment. This FREE webinar will provide the latest insights from the U.S. Commercial Service in Guangzhou on China as an export destination, the latest industry issues and exports trends for the U.S. manufacturing equipment sector, potential case studies by a firm actively exporting to China, and actionable opportunities presented by the upcoming CHINAPLAS 2019 trade show. Do not miss this special opportunity! Topics subject to change. Contact Jeffrey Odum for details.

Date: Wednesday, November 28, 2018

Time: 8PM Eastern (Duration: 1 hour)

Location: Virtual

Cost: Free

Register : [HERE](#)

This program will include:

An overview on the China market and doing business there, presented by the Commercial Service in Guangzhou; industry insights and export trends for U.S. manufacturing equipment presented by a U.S. Department of Commerce Industry Analyst and opportunities for U.S. sales at the CHINAPLAS 2019 Trade Show , presented by Monica Yeung of Just Global, Inc.
