FREE WEBINAR: Exporting Plastic & Rubber Manufacturing Equipment to China

Join us on Wednesday, February 13th for a FREE webinar to learn the latest on exporting plastic & rubber manufacturing equipment to China - the third largest U.S. export market for plastics and rubber working equipment. During the webinar, you will get an overview of the China market, insights on the industry, and how to take advantage of actionable business opportunities during CHINAPLAS 2019—Asia's premier exhibition for the plastics and rubber industries.

Speakers will include:

The U.S. Department of Commerce's Office of Trade Promotion Programs; U.S. Commercial Service in Guangzhou (live from the U.S. Consulate in China); U.S. Department of Commerce Industry Analyst for the Plastic & Rubber Manufacturing Industries and Ms. Monica Yeung of Just Global. The program will include time for Q&A.

Date: Wednesday, February 13, 2019

Time: 8PM ET/5PM PT (Duration: 1 hour)

Location: Virtual

Cost: Free

RSVP required by February 13, 5PM ET - [RSVP HERE](#)
